FEATURES

THE PERSONAL HEALTH ADVOCATE

The Personal Health Advocate is a trained professional, typically a Registered Nurse, who understands the intricacies of the healthcare system and how to navigate through it. As soon as a member contacts us, he/she establishes a relationship with a Personal Health Advocate who stays with them through to the resolution of the problem. Our Personal Health Advocates demonstrate a commitment to service excellence, have strong problem solving skills and support members as they seek healthcare services and interact with providers and insurers. Personal Health Advocates work in tandem with Medical Directors and with our team of administrative experts who handle claims, benefits, grievances and paperwork issues.

Health Advocate is available 24 hours a day, 7 days a week using a toll free phone number. Regular hours extend from 8 AM to 6 PM weekdays. After-hours calls are handled by the Personal Health Advocate on call.

Fee Negotiation: When necessary, Health Advocate can attempt to negotiate fees with healthcare providers to lower the member's out-of-pocket costs. This is often done prior to the member receiving services. We can also review questionable bills to catch duplicate or erroneous charges.

Grievance Advice: Our first approach is to resolve disputes and issues through discussion; however, when necessary we will provide advice or assistance to members when filing a complaint or grievance with their health insurer or health plan administrator. We can provide the member with guidance regarding the member's appeal rights and when all other means have failed and we agree that the issues are valid, help the member formulate the argument, gather supporting documentation and write the letter of appeal to the health plan.

Health Advocate does not provide health insurance or medical services or recommend treatment. All medical services are provided by independent healthcare practitioners who are not employees or agents of Health Advocate, Inc. Health Advocate provides administrative and information services through our employees and contracted service providers. Various services of the Health Advocate program may be provided by independently contracted strategic partners. All of Health Advocate's services are offered in a manner that fully respects and protects the privacy of our members and the confidentiality of their medical information. A complete list of the terms and conditions of the Health Advocate program is contained in either the Plan Services Agreement or the Individual Services Agreement.
